

INCOME 20/80 FUND
Class S – August 31, 2020
Investment Approach

The Income 20/80 Fund seeks to achieve long-term growth with a focus on providing income with some opportunity for capital appreciation. The Fund is diversified between equity and fixed income securities, with an emphasis on bonds to generate current income and help reduce volatility. The Fund generally has a mix of 80% fixed income securities and 20% equity securities. The Fund invests in a selection of underlying funds which utilize a manager-of-managers investment strategy and combine multiple specialist Portfolio Managers, each of whom is responsible for managing a portion of the portfolio in accordance with a specific mandate.

Fund Characteristics

Number of Underlying Fund Subadvisors	20
Number of Underlying Fund Holdings	2,514
Standard Deviation (3 yr)	4.7%
Standard Deviation of performance is a measure of historical volatility risk.	

Risk rating

This rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the "What is a Mutual Fund and What Are the Risks of Investing in a Mutual Fund?" section of the fund's simplified prospectus.

Growth of \$25,000 Since Inception²

The rate of return or mathematical table shown is used only to illustrate the effects of the compound growth rate and is not intended to reflect future values or returns on investment in the investment fund or asset allocation service.

¹Expenses shown are the annual rate, as a % of the fund's value. See the Financial Highlights section of the Fund's Management Report of Fund Performance as at December 31, 2017.

²Performance shown is for Class S units, net of the Fund's operating expenses applicable management fees payable to SEI. The rates of return are used only to illustrate the effects of the compound growth rate and are not intended to reflect future values of the Fund or returns on investment in the Fund. Information in Range of Returns table is calculated using all rolling 1-, 3-, 5-, and 10-year periods as applicable.

SEI Investments Canada Company ("SEI"), a wholly owned subsidiary of SEI Investments Company, is the Manager of the SEI Funds in Canada. The information contained herein is for general and educational information purposes only and is not intended to constitute legal, tax, accounting, securities, research or investment advice regarding the Funds or any security in particular, nor an opinion regarding the appropriateness of any investment. This information should not be construed as a recommendation to purchase or sell a security, including futures contracts. You should not act or rely on the information contained herein without obtaining specific legal, tax, accounting and investment advice from an investment professional. This sheet is a marketing document, is unaudited and should not be confused with the Fund Facts of the Fund regulatory document filed on SEDAR by SEI. There is no assurance as of the date of this material that the securities mentioned remained in or out of the Funds. You can obtain the regulatory Fund Facts documents from your financial advisor or by visiting the SEI website at seic.com/enCA or SEDAR at sedar.com. The percentage weightings of the Underlying Funds may be changed from time to time at the Manager's discretion. The portfolio managers or the allocations of assets to a particular portfolio manager are subject to change from time to time at the Manager's discretion. Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus before investing. The indicated rates of return are the historical annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any unitholders that would have reduced returns. Mutual funds are not guaranteed, their values change frequently and past performance may not be repeated.
